(54) Title: GUIDE UNIT FOR POSITIONING TRAYS IN EDIBLE INK PRINTER

(57) Abstract: An apparatus for printing a visual image on food items (20) has a printing station provided with a printer (12) connected to the computer and having software for directly printing the image on the exposed surface of the food item. The printing station includes a frame, at least one tray receiving the food item and displaceably supported on the frame, a printer head and a guide mechanism operative to linearly displace the tray so that a distance between the printer head and the exposed surface of the food item remains uniform as the tray is displaced along the travel direction.

**A. CLASSIFICATION OF SUBJECT MATTER**  
IPC 7 B41J3/407

According to International Patent Classification (IPC) or to both national classification and IPC

**B. FIELDS SEARCHED**

Minimum documentation searched (classification system followed by classification symbols)  
IPC 7 B41J

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the International search (name of data base and, where practical, search terms used)

EPO-Internal, WPI Data, PAJ

**C. DOCUMENTS CONSIDERED TO BE RELEVANT**

Category *	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.

\* Special categories of cited documents:

\*A\* document defining the general state of the art which is not considered to be of particular relevance

\*E\* earlier document but published on or after the international filing date

\*L\* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)

\*O\* document referring to an oral disclosure, use, exhibition or other means

\*P\* document published prior to the international filing date but later than the priority date claimed

\*T\* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

\*X\* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

\*Y\* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.
